

PRESS RELEASE

THE LANGEBAAN DEVELOPMENT PADDLING PROGRAM

August 2015 – Club Mykonos Resort in Langebaan has gladly stepped forward and volunteered facilities to this local project that makes such a distinct difference in the lives of our local youngsters.

The Langebaan Development Paddling Program is a Sporting and Social Upliftment Program aimed at benefitting the previously disadvantaged children living on the West Coast.

The program is about introducing the sport of paddling to the youngsters and thus using it to uplift their lifestyles and encourage them to make healthier choices. The participating children are as young as 7 years of age and would not ordinarily have had access to a program such as this.

The aim of the venture is to teach the children confidences in their own ability and to provide them with skills that are beneficial to their future.

Club Mykonos offered up their indoor pool for the first phase of the program where the participants learned basic water safety skills.

The resort is proud to be involved with projects such as this that focus on giving back to our local community.
